INSTRUCTION CD

TrainingPro™

Expert Knowledge the Easy Way.

GRAMMER has always stood for innovative development and manufacture of driver and passenger seats. Our company also continues to set new standards where accessories and service are concerned. TrainingPro™ is a novel, video-based system that ideally supplements the written operating and repair instructions for GRAMMER seats. TrainingPro™ conveys the required knowledge for assembly, installation and maintenance in a simple, straightforward manner, also when complex tasks are involved.

Pictures Say Far More Than Words.

TrainingPro™ dispenses completely with language and text. It is a soundless video CD featuring intuitive menus that let you easily call up sequences that precisely show how to perform each step. Besides facilitating work and the learning process, this saves valuable time.

All Benefits at a Glance:

- High cost-effectiveness, because you save time and costs associated with repairs
- Innovative, video-based transfer of expert knowledge
- Clear, easy-to-follow sequences illustrating the individual steps of complex tasks
- User-friendly menus
- Worldwide use, without any language problems or misunderstandings
