# Download

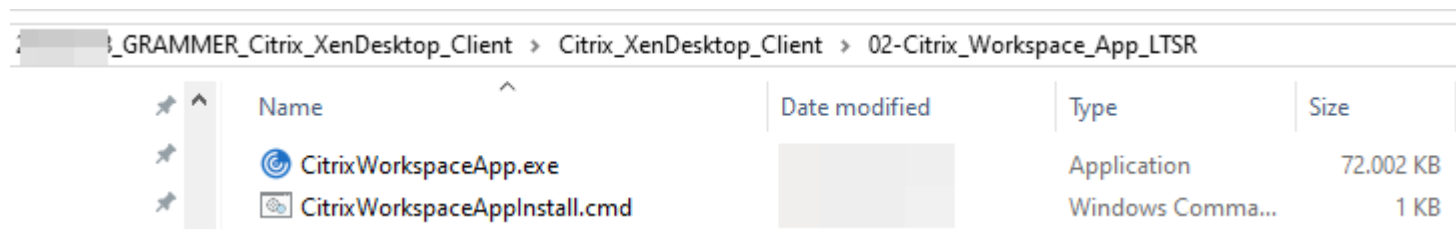

If not already present, please download the current LTSR (long term support release) version of the Citrix Workspace App from the Grammer Data Exchange Server.

[https://dex.grammer.com/documents/Grammer\\_Supplier\\_Package/](https://dex.grammer.com/documents/Grammer_Supplier_Package/)

Download the package YYYYMMDD-\_GRAMMER\_Citrix\_XenDesktop\_Client.zip, for example 20200720-\_GRAMMER\_Citrix\_XenDesktop\_Client.zip.

Unpack the ZIP-File and execute the CitrixWorkspaceAppInstall.cmd, old/previous versions will be upgraded during the installation.

Once the DOS-Prompt has closed again, the Citrix Workspace App is visible in the system tray.

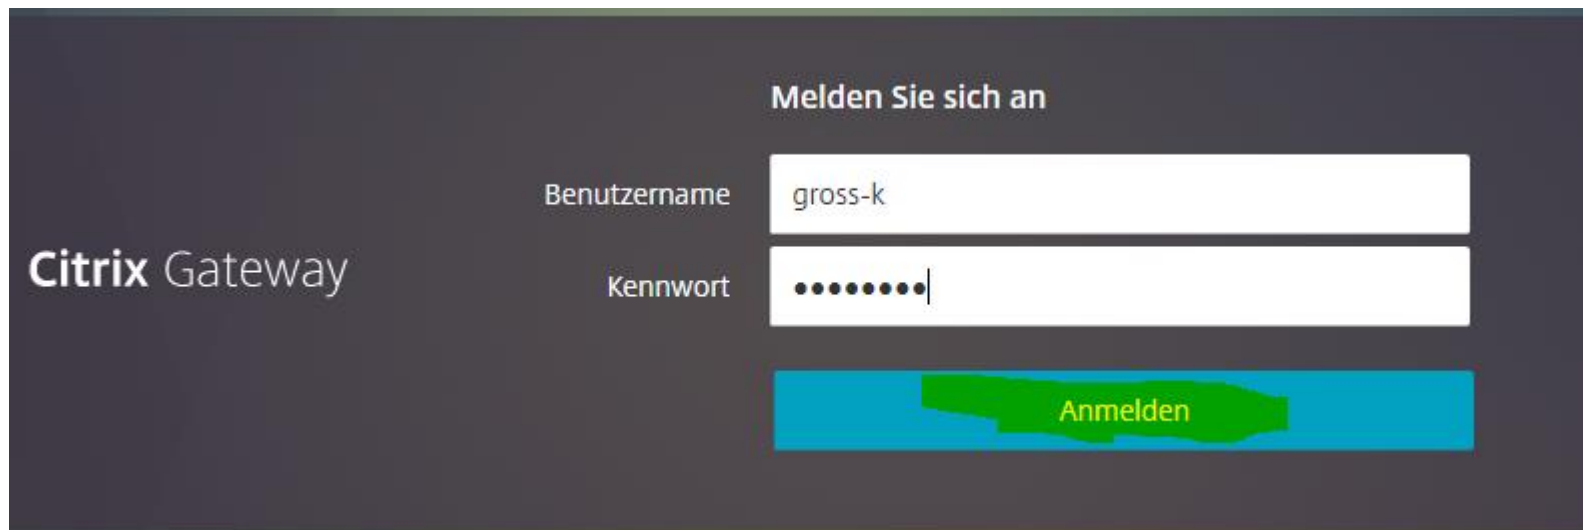

_GRAMMER_Citrix_XenDesktop_Client > Citrix_XenDesktop_Client > 02-Citrix_Workspace_App_LTSR				
	Name	Date modified	Type	Size
	 CitrixWorkspaceApp.exe		Application	72.002 KB
	 CitrixWorkspaceAppInstall.cmd		Windows Comma...	1 KB

# Login

Open the Edge browser and go to the URL **<https://cadpdm.grammer.com>**

The login screen appears, type your Windows account and click „Anmelden“

The image shows the Citrix Gateway login interface. On the left, the text "Citrix Gateway" is displayed in white. To the right, under the heading "Melden Sie sich an", there are two input fields. The first field, labeled "Benutzername", contains the text "gross-k". The second field, labeled "Kennwort", contains a series of dots representing a password. Below these fields is a blue button with the text "Anmelden" in yellow.

# „APPS“ and „DESKTOPS“

Clicking on the star makes the App/Desktop also visible on your “HOME”

Click on the DESKTOP starts a session with a virtual machine,  
click on the APP starts the application
