

### **GRAMMER Spare Parts Service - A sustainable and cost-effective alternative to buying a new seat**

**Ursensollen, March 25, 2025** – Why buy new when you can repair efficiently? With its new spare parts service and extensive range of genuine spare parts, GRAMMER offers its customers a sustainable and cost-effective alternative to buying a new seat.

The range of high-quality genuine spare parts makes it possible to rectify initial signs of wear on the seat and ensure full functionality for maximum comfort and ergonomics. This service can effectively extend the life of a GRAMMER driver seat, benefiting both the customer's wallet and the environment. And a well-functioning and well-maintained driver's seat is not only a crucial safety factor, but also significantly contributes to the driver's health maintenance.

“At a time when sustainability and resource conservation are becoming increasingly important, we are proud to offer this sustainable solution. Our genuine spare parts are specially designed for our products and offer a perfect fit. They are manufactured to the same high standards that you have come to expect from GRAMMER. This ensures that your seat works just as well after the repair and is just as comfortable and ergonomic as before”, says Dieter Rumm, Vice President PMS Aftermarket at GRAMMER.

For more information about the GRAMMER spare parts service and the authorized distribution partners through whom the spare parts can be purchased, please visit the GRAMMER website at [www.grammer.com](http://www.grammer.com)
